Proudly Designed, Manufactured And Assembled By American Workers:

Since 1950, when we opened our doors in Southern California, Virco has been proud to design, manufacture and assemble our products in the U S

One of America's iconic brands, Virco is the country's largest manufacturer and supplier of furniture and equipment for K-12 schools. All manufacturing processes – from metal fabrication and woodworking, to plastic injection molding, powder coating and chrome plating – are done in-house at our two state-of-the-art facilities in Torrance, California, and Conway, Arkansas

Because we're involved in every process from beginning to end, we can assure the highest quality product at an affordable price. Our American workforce takes pride in their work, knowing that their expertise has earned Virco a reputation for integrity and value

Steel-Frame Science Tables

Steel-frame science tables have a heat-, water- and chemical-resistant Epoxy resin or Chemsurf laminate top with edge sealed Sure Edge

S306030EP

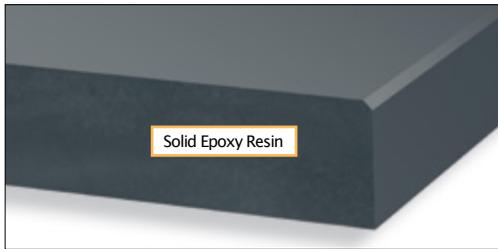

Oak-Frame Science Tables

Just like our metal-frame science tables, these oak-frame tables have a heat-, water- and chemical-resistant Epoxy resin or Chemsurf laminate top with edge sealed Sure Edge. Solid oak legs are bolted to the frame through a steel reinforcement plate.

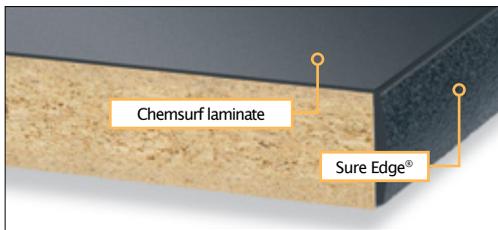

SCI2460EP

Two Top Styles To Choose From

Epoxy Resin Top

Non-toxic epoxy liquid is poured into a mold to become a solid epoxy top, which is extremely heavy and provides superior resistance to abrasion, chemicals, acid, heat and moisture. This is the most durable science table top that Virco offers.

Chemsurf® Top With Sure Edge®

As the midline grade of science table tops in Virco's product line, Chemsurf high-pressure laminate work surfaces provide very good heat and chemical resistance; they're also acid-resistant and water-resistant. Tops edges are finished with urethane-based Sure Edge.

EPOXY TOP

| Model | Top Size |
|-------------|-----------|
| SCI245430EP | 24" x 54" |
| SCI246030EP | 24" x 60" |

Virco's convertible bench tables are listed by Underwriters Laboratories Inc (UL). Samples of these products have been evaluated by UL and meet the applicable UL standards for safety

In Your Color

Virco products are available in an inspiring array of color and frame finishes, allowing a full range of expression from traditional to modern. Choose from a selection of standard colors, upholstery or finishes that coordinate seamlessly with a variety of spaces. In addition to our extensive standard palette, Virco is capable of providing custom colors, upholstery, and finishes* for your specific project. We maintain relationships with fabric and vinyl mills around the U.S., and can assist you on specific or custom material request for your upholstered needs. Ask your Virco Sales Representative or contact Customer Service for more information. With a spectrum of colors and finishes to choose from, take some time and enjoy creating products that are perfect for you and your space.

* Minimum sand set-up fees may apply

CAUTION: Due to color reproduction variability in printed materials and digital media, Virco recommends that you review product colors on sample coupons or swatches before purchasing to confirm that your product color choices coordinate with the interior spaces for which these products are intended. Virco will provide complimentary sample coupons or swatches for plastic, laminate, powder coat paint and upholstery colors; however, it is the customer's responsibility to request these sample materials. Once you've submitted your request, your Virco Sales Representative will be happy to assist you with this process.

All furniture in this flyer has earned GREENGUARD® Gold certification except 4400 Series chairs and models 4300 and 4301
